

# BroadwayMalyan<sup>BM</sup>

**Senior Architect  
Birmingham**

*Candidate Information Pack*

Broadway Malyan is currently looking for an enthusiastic and talented **Senior Architect** to work in its Birmingham Studio on a range of unique design-led projects throughout the UK and overseas.

Broadway Malyan is a global architecture, urbanism and design practice dedicated to creating cities, buildings and places that will provide a lasting legacy.

Through a shared design ethos, we work together to create places with a strong sense of identity where people and communities want to live, learn, shop, work and relax.

Our collaborative approach to integrated sustainable design has enabled us to deliver award-winning projects at all scales across the world. Every project, from a strategic city plan to the craftsmanship of a balustrade, reflects our passion for quality design and place-making.

As an employee-owned practice, we are able to create an inclusive culture where everyone has a strong sense of engagement and shared responsibility in the future of our business.

We are committed to investing and inspiring our people, so we can attract and retain the best talent to strengthen our reputation as both a design practice and an employer of choice.

If you have the talent and passion and want to draw your inspiration from working within a community of active minds, it is likely that we have a place for you at Broadway Malyan.

**Hugo Fitzgerald**  
*Practice Principal / Head of Birmingham  
& Manchester Studios*

**We design cities,  
buildings and  
places with a strong  
sense of identity  
and place.**

**With your imaginative approach to design you will have the opportunity to work on an array of exciting projects at various RIBA stages of design and delivery across many sectors.**

We are looking for candidates with excellent design and technical skills and a keen eye for detail. You should have good written and verbal communication skills and the ability to communicate with clients and colleagues at every level. The ideal candidate will also have clear focus on developing sustainable and innovative design solutions. Experience in working on education projects (colleges, schools and higher education) would be beneficial, but not essential.

Successful candidates will have an excellent working knowledge of Revit and strong AutoCAD skills. Proficiency in SketchUp, Adobe creative suites and Microsoft Office would be advantageous. You should demonstrate good hand drawing skills and concept generation ability. Knowledge of current UK planning policy and building regulations is essential.

A Portfolio demonstrating your personal contribution to projects should be presented alongside your CV. We will offer successful candidates the opportunity to work on major projects from early concept through to working drawings and delivery stages across a range of sectors.

We offer competitive salaries based on experience and a flexible working policy including opportunity to work from home for a portion of the week.

*#We are creative thinkers*

# Creating a great place to work

**Over the years we have succeeded in creating a flexible and engaging working environment that drives innovation and growth. We firmly believe in investing in our people and nurturing talent, creating opportunity for everyone to achieve personal and professional development, leading to a rewarding career.**

**To join our team, we are keen to recruit an individual who can demonstrate these core competencies:**

- Committed professional outlook
- A desire to succeed and a positive can-do attitude
- Calm under pressure especially when working to project deadlines
- Proactive, self-motivated person who uses their own initiative
- Team player who understand collaborative working
- Keen attention to detail
- High level of concentration, enthusiasm and ambition
- Highly Efficient.

# Creating innovative designs

By adopting a rigorous and robust design process we ensure that a clear vision is embedded in every project. Working together we create defensible design narratives, which streamline and expedite the planning process and produce finished places with a 'must have' quality which maximises their value for our clients and local communities.

We believe by optimising both 'human centric' design through the art of hand sketching and digital computer design we can deliver the best solutions to our clients from creative concept through to technical delivery.

**We are looking for candidates who are able to demonstrate these key skills:**

- Project and team running experience
- Desire for growth and building your career with us
- Embedded in the Birmingham built environment community
- An interest in working closely with colleagues in our other UK and global studios, but particularly our Manchester studio who we work closely with on various projects and business development opportunities
- Desire to contribute to business development and client-facing presentations, and to build your role in this area with us
- Commercial awareness, knowledge of UK Building Regulations and excellent attention to detail
- Good knowledge of Revit, AutoCAD, SketchUp, Microsoft Office and Adobe Creative Suite required
- Proven client facing project architect capable of running the design process and then delivering the project as a team leader and primary point of contact

# Application and Recruitment Process

If you are interested in this vacancy, please send your CV to [recruitment@broadwaymalyan.com](mailto:recruitment@broadwaymalyan.com) quoting the relevant job title in the subject line. You must have the right to work in the UK to apply for this vacancy.

As an equal opportunities employer, Broadway Malyan Limited is committed to the equal treatment of all current and prospective employees and does not condone discrimination on the basis of age, disability, sex, sexual orientation, pregnancy and maternity, race or ethnicity, religion or belief, gender identity, or marriage and civil partnership.
